

## Alexandria Gazette.

THURSDAY EVENING, NOVEMBER 10.

## LOCAL NEWS.

For this section light rains, followed by fair weather during Friday, light to fresh winds, shifting to westerly, colder Friday morning, followed by rising temperature.

**DISGRACEFUL PROCEEDINGS.**—Last night a large crowd of disorderly negro men, women and children, headed by a negro band, paraded some of the streets of the city, to celebrate the defeat of Judge Stuart. When the mob passed his house, they yelled, jeered and discharged cannon crackers, and then proceeded to a lot, near the local depot, where, with shouts and dances, they burned Judge Stuart in effigy. They then went to the store, near by, of Mr. Corbett, their successful candidate, who addressed them, congratulating them on the "victory" they had won in the hot-bed of democracy, the home of Barbour, and despite the influence of the State democratic committee. He said their victory showed that the people of Alexandria were tired of democratic rule, and that when he went to Richmond he would be the workingman's friend. He gave some of his political views, saying he was in favor of a change in the public school system, and of the way judges of elections were appointed. Later in the evening Henry Johnson, a colored well digger of this city, who had voted the democratic ticket at the last election, was burned in effigy on a lot in the northern part of the city, after the figure had been paraded around the streets in that locality, followed by a disorderly crowd.

The white men who had voted with such a crowd must have felt humiliated after witnessing such proceedings, that is, if they have right feelings. The action of the negroes last night showed what they would do if their party should ever get into power again.

**MT. VERNON AVENUE.**—The committee on location and right of way of Mt. Vernon Avenue held an informal session at Willard's Hotel in Washington, yesterday afternoon. Present, Messrs. F. R. Windsor (chairman), Park Agnew, J. B. Smoot, F. A. Reed, and E. W. Fox. Mr. H. W. Newby, engineer in charge of the reconnaissance at the northern end of the route, made a partial report, but was unable to give details until the plan now in preparation should be finished, which will be within a few days. The line as run is from the Aqueduct bridge to this city, avoiding the military road, and taking the ridge route, which terminates the line at the southwest corner of Fort Myer. The committee were of the opinion that it would be more feasible if the line could terminate at the northwest corner of the fort, and will meet Major Newby to day to see if the detour can not be avoided. Major Newby stated that he had verbal pledges for the right of way of any width, for the entire distance surveyed, about six and a half miles. The committee decided to make a reconnaissance by land from this city to Mount Vernon, there to receive reports from the several engineers. They will leave Smoot's tannery, in this city, at ten o'clock next Wednesday morning. At Mr. Fox's suggestion it was decided to have plans of both the ridge and valley routes prepared and submitted to the association. Mr. Agnew has tendered the committee a tug, which has been accepted with thanks. They will make a trip to Mount Vernon by water, taking observations by that route.

**ELECTION NOTES.**—In Fauquier county Piche's majority over Strother is 405. Kinchloe's majority over Middleton 507. Kinchloe ran ahead of Piche 31. Strother ran ahead of Middleton 71.

Returns from Craig county elect Ellis, dem., by 40 majority in the senatorial district composed of Craig, Montgomery and Roanoke.

A dispatch says that Scott gives Gilwater, democrat and Broadwater, anti-Mahon rep., usual majorities. Buchanan, Wice, and Dickinson have gone democratic; Lee is all right.

Since yesterday's published summary it is learned that Lunenburg has changed from the democratic to the republican column.

In addition to those published yesterday, the following counties are reported to have gone democratic: viz: Chesterfield and Powhatan, 2; Fincastle, King and Queen; Lee; and Princess Anne. And the following republican: Albemarle, Bath and Highland; Gloucester; King George and Stafford; and Lancaster and Richmond.

**PERSONAL.**—Louis C. Barley will leave here to-morrow for Texas on business.

Mr. Chas. G. Alexander, who has been visiting friends in this city has returned to his home in King George county.

Mr. A. Diedel is seriously ill with pneumonia.

Col. Morton Marye has returned to Richmond, after a short visit to friends in this city.

Mr. David Grillbortzer, of this city, has gone to Albemarle county to spend the winter at the country residence of Rev. Wm. Dawidie.

**POLICE REPORT.**—Last night was cloudy and cool with four prisoners and one lodger at the station house.

The Mayor this morning disposed of the following cases:

Dennis Jenkins, colored, arrested by officer Brenner, for discharging fire crackers on the street was fined \$1.

Virginia Meado, arrested by officer Brenner, for being drunk and disorderly, had her case continued.

Three small white boys arrested by officer Grady, for disorderly conduct, were fined \$1 each.

**JUDGE STUART.**—There have been some democratic losses, and these are to be regretted, especially that of Hon. Charles E. Stuart, the accomplished Speaker of the House. But Judge Stuart has won a conspicuous place in the politics of Virginia, and he will not be left long in retirement, his well known talents being sure speedily to bring him once more to the front.—*Rich. State.*

**THE VOTE CANVASSED.**—The commissioners of election of this city met at the office of the Clerk of the Court this morning, and canvassed the returns and certified to the abstract of votes cast in this city on Tuesday last, which they forwarded to Richmond. The county commissioners met at the old court house to-day and did the same.

**INSTALLATION.**—The recently elected officers of Old Dominion Commandery, K. T., of this city, will be installed and an inspection of the commandery held to-night by V. E. Sir James B. Blake, Deputy Grand Commander. After the inspection the Commandery will tender a banquet to the Deputy Grand Commander.

**ANOTHER POSTPONEMENT.**—Judge Keith, contrary to expectation, will not, at this time of the Circuit Court, decide the case now pending between Mr. E. S. Fleming and the City Council, known as the bay scales case.

To the editor of the Alexandria Gazette:

One of the verses of a poem written on the last Presidential election seems as apropos at this time that I give it you:

Down in the Old Dominion  
The battle waged full sore,  
And many a party leader  
Lies weltering in his gore.  
Billy Mahone is overthrown,  
I hear his last expiring groan.  
While over him with avenging band  
We think I see John Barbour stand.  
And now, thank God! the victory's won;  
We've saved the land of Washington. B.

## LOCAL BREVITIES.

The elections are over. Now to work.  
The postponed meeting of the City Council will be held to-night.

A marriage license was issued in Washington yesterday to James A. Stoutenburg, of this city, and Erica M. Butts, of Washington.

Some miscreant on Monday night last extended a grape vine across the road near Gum Spring, in Fairfax county, and several persons who were driving over that road came near being severely hurt by being thrown from their vehicles.

Last night during a discussion a well-known republican politician was knocked down by a democrat who he had told would sell his vote.

Rain commenced falling about 8 o'clock this morning, and has continued at intervals throughout the day until 4 o'clock.

Mr. P. A. Gluck, of St. Louis, a brother of Mrs. A. Diedel, of this city, died yesterday.

The rooms of the State democratic committee in this city will be closed after to-day.

**CIRCUIT COURT FOR THE COUNTY.**—Judge Jas. Keith, presiding.—Thornberry vs. V. M. Railway; jury and case in progress.

For weak lungs, spitting of blood, shortness of breath, consumption, night sweats and all lingering coughs, Dr. Pierce's "Golden Medical Discovery" is a sovereign remedy. Superior to cod liver oil. By druggists.

**I have had catarrh for twenty years, and used all kinds of remedies without relief.** Mr. Smith, druggist of Little Falls, recommended Ely's Cream Balm. The effect of the first application was magical, it allayed the inflammation and the next morning my head was as clear as a bell. One bottle has done me so much good that I am convinced its use will effect a permanent cure. It is soothing, pleasant and easy to apply, and I strongly urge its use by all sufferers.—George Tenney, Little Falls, N. Y.

Apply Balm into each nostril.

## Life in the Paris Sewers

is possible, for a short time to the robust, but the majority of refined persons would prefer immediate death to existence in their reeking atmosphere. How much more revolting to be in one's self a living sewer. But this is actually the case with those in whom the inactivity of the liver drives the refuse matter of the body to escape through the lungs, breath, the pores, kidneys and bladder. It is astonishing that life remains in such a dwelling. Dr. Pierce's "Golden Medical Discovery" restores normal purity to the system and renews the whole being.
